Amicus Technology Presents

FREE Building Information Modelling seminar **GMIT Galway** **Tue 31st January 4-6pm**

We are pleased to invite you to this Building Information Modelling (BIM) seminar which will be held at the GMIT, Galway on **Tuesday the 31st January, from 4pm-6pm.**

The seminar will take a look at the role BIM is playing across all areas of the construction and civil engineering industry. This seminar will provide information on the practical application of BIM.

In June 2011 the UK government published its Building Information Modelling Working Party Strategy - This report announced the UK Government's intention to require collaborative 3D BIM on its projects by 2016.

In Ireland the CITA BIM Group, is a working group, with a particular interest in BIM (Building Information Modelling). The group comprises consultants, end-users and software vendors, and has official representation from a number of industry stakeholder groups (RIAI, ACEI, EI, SCS, CIF, OPW, CIBSE, CIAT, CIOB etc). The express purpose of the group is to investigate the benefits of BIM and ideas for the general advancement of BIM for the Irish Construction Industry.

Join Datech Ireland and Amicus Technology in this **FREE** event, which is open to all those who wish to learn about Building Information Modelling and the application of Autodesk software for BIM.

The programme for the event is as follows:-

- 4.00 – 4.30 BIM Principles
- 4.30 – 5.15 BIM Practice (using Autodesk Revit) – Ger O'Sullivan, Datech.
- 5.15 – 5.45 BIM in Civil Engineering – Donal McMoreland, Amicus Technology.
- 5.45 – 6.00 Q & A
