

2D Drafting using AutoCAD Architecture 2010

Course Details

- Course Duration:** 1 day
Cost: €295.00 per person
Award: Autodesk Official Certificate in 2D Drafting using AutoCAD Architecture 2010

Course Description

The primary objective of this courseware is to teach students the basic commands for 2D architectural designing and drafting with AutoCAD Architecture software.

Objectives

After completing this course, students will be able to:

- Access and use the basic functionality of the software.
- Use specific components of AutoCAD Architecture that are needed for their company.
- Use AutoCAD Architecture to augment their use of 2D AutoCAD®.
- Apply what they learned while working through the practical exercises and realistic datasets supplied with the courseware.

Who Should Attend

This course is designed for new users of AutoCAD Architecture.

Prerequisites

Previous AutoCAD experience is necessary. Drafting, design, or engineering experience is a plus. It is recommended that the student have a working knowledge of Microsoft® Windows® XP or Microsoft® Windows® Vista.

Course Content

- AutoCAD Architecture User Interface
- Adding walls and creating wall types
- Inserting Doors & Windows
- Creating Stairs
- Structural Elements
- Plotting
- Drawing Annotation
- Callout Views
- Schedules
- Details

Why choose Amicus Technology Training?

- Quality certification - We are an authorized Autodesk, Bentley & City & Guilds training and exam centre
- Personal Attention ensured - Maximum 8 candidates per class
- Follow-on telephone support included in all courses
- We provide a range of courses to facilitate the candidate moving from an introductory level to advanced AutoCAD or specialist areas e.g. Architecture, Civil Engineering.
- We are constantly updating our courses to enable the candidate to avail of the latest software
- The West of Ireland's only Architecture, Civil Engineering & GIS authorized Autodesk reseller
